Instructions for Completing the Illinois Denial of Parentage

PURPOSE: The Denial of Parentage (hereafter called Denial) is signed, witnessed and filed with the Department of Healthcare and Family Services (hereafter called HFS) when the biological mother of the child is or was married or in a civil union when this child was born or within 300 days before this child was born, the presumed parent is not the biological father and the biological father acknowledges paternity of the child by signing and filing the Voluntary Acknowledgment of Paternity (hereafter called VAP), with HFS. **Forms that contain errors will be rejected.** As a result, paternity is not established and the biological father's name will not be placed on the birth certificate.

YOUR RIGHTS AND RESPONSIBILITIES

I understand that:

- 1. this is a legal document and is valid when signed, witnessed and filed with HFS in conjunction with a valid VAP that is signed, witnessed and filed with HFS. I understand a valid Denial by a presumed parent filed with HFS in conjunction with a valid VAP is equivalent to an adjudication of the non-parentage of the presumed parent and discharges the presumed parent from all rights and duties of a parent.
- 2. the biological mother and the presumed parent must sign and file the Denial with HFS and that the biological mother and biological father must sign and file the VAP with HFS to establish legal paternity and place the biological father's name on the child's birth certificate.
- 3. if the biological mother and the presumed parent do not sign and file the Denial with HFS and the biological mother and biological father do not sign and file the VAP with HFS, the presumed parent, by law, is considered to be the parent and that person's name must be placed on the child's birth certificate.
- 4. when the biological mother and the presumed parent sign and file the Denial with HFS and the biological mother and biological father sign and file the VAP with HFS, the biological father becomes the legal father of the child for all purposes. The presumed parent is essentially adjudicated to a status of non-parentage and is discharged from all rights and duties of a parent.
- 5. either the biological mother or presumed parent of the child may withdraw the action of signing and filing the Denial with HFS by signing and filing a Rescission of Voluntary Acknowledgment of Paternity or Rescission of Denial of Parentage (hereafter called Rescission). The Rescission must be signed, witnessed and filed with the Department within 60 days from the effective date of the Denial or the date of a proceeding relating to the child, whichever occurs earlier. Upon Department verification of the Rescission, the presumed parent is legally responsible for support of the child.
- 6. either the biological mother or biological father of the child may withdraw the action of signing and filing the VAP with HFS by signing and filing a Rescission. The Rescission must be signed, witnessed and filed with the Department within 60 days from the effective date of the VAP or the date of a proceeding relating to the child, whichever occurs earlier. Upon Department verification of the Rescission, the presumed parent is legally responsible for support of the child.

INSTRUCTIONS - USE BLACK OR BLUE INK

- 1. Each person must sign and date all forms in front of a witness. A witness must be an adult age eighteen or older but cannot be a person named on the form he or she is asked to witness.
- 2. If you are completing the Denial and VAP at the hospital when the child is born, hospital staff will add the biological father's name to the birth certificate and send the documents to HFS for filing.
- 3. You may complete the Denial and VAP before your child is born, but neither is valid until the child is born and the documents are filed with HFS.
- 4. You may complete the Denial and VAP for a child born in another state.
- 5. When the Denial and VAP are not completed at the hospital, the parents must sign and date the form(s) in front of an adult witness and file the completed documents with HFS.
